<b>Pflege &amp; Reinigung / Care</b>	Unmittelbar nach dem Entstehen lassen sich Flecken am besten entfernen. Feuchte oder nasse Flecken tupfen Sie am besten sofort mit einem weißen, weichen, fusselfreien, saugfähigen und sauberen Tuch ab. Auf keinen Fall sollten Sie reiben. Das könnte die Oberfläche des Stoffs unwiderruflich verändern. Falls Sie den Fleck so nicht entfernen können, holen Sie einen Experten zu Hilfe / After all, stains are best removed immediately. Damp or wet stains are best dabbed off with a white, soft, lint-free, absorbable and clean cloth. Do not rub. This could cause permanent changes to the surface of the fabric. If the stain is still not removed, contact a specialist.
